To Whom It May Concern:

The Cooperative Extension Service is an outreach educational delivery system supported by a partnership between the United States Department of Agriculture and the University of Alaska Fairbanks and College of Rural Alaska. Programs include Home Economics, 4-H & Youth Development, and Land Resources & Community Development.

General Liability Insurance covering claims against these programs is provided through the University of Alaska. We maintain insurance or self-insurance with at least \$1,000,000 (one million) in limits.

This letter may be accepted as proof of insurance covering Cooperative Extension Service in its official activities as long as no written or verbal contractual agreements are entered into for those activities. This letter may not be used in, or for, a contractual agreement as proof of insurance, or representation that insurance coverage will be provided by the University of Alaska. All contractual agreements must be approved by Risk Management prior to acceptance or insurance coverage may be void.

Questions regarding insurance issues may be directed to the System Office of Risk Services.
