

Mat-Su/Copper River District 4-H

More Than You Imagined!

The Mat-Su/Copper River District offers a wide variety of club projects, including space science, livestock and horses, foods, crafts, computers, camping and snow-boarding. Youth may also create their own project. We have all of the extensive resources that UAF offers available to us. Most project areas have excellent resource materials that many find useful for public and home school.

JOIN | THE REVOLUTION OF RESPONSIBILITY

Joining is easy as 1-2-3

- 1** Contact Lee Hecimovich, 4-H agent.
- 2** Enroll and pay dues.
- 3** Have fun!

The Mat-Su/Copper River District of Southcentral Alaska extends from Valdez to near Denali Park. The majority of 4-H youth live in the Mat-Su Valley, but we also have members in Big Lake, Glennallen, Kenny Lake and Willow. The 4-H year begins October 1, so don't miss out. The sooner you join, the more fun you can have!

Pass your knowledge to future leaders — volunteer with 4-H.

Leaders are welcome and needed. We have training, clinics and workshops for leaders, a lending library, committees and special events to be involved with. Bring your ideas!
